Cookies we use

We use the following cookies:

Strictly necessary cookies. These are cookies that are required to enable you to move around the website and use its features, such as accessing secure areas of the site.

Functionality cookies. These are used to recognise you when you return to our website. This enables us to personalise our content for you, and remember the choices you make, to provide more enhanced personalised features.

Analytical or performance cookies. These allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.

Google Analytics cookies are used on this website, in order for us to assess how users interact with the website's content. Pardot cookies are also used. These track visitor and prospect activities on our website and landing pages.

Targeting cookies. These cookies record your visit to our website, the pages you have visited and the links you have followed. We will use this information to make our website and the advertising displayed on it more relevant to your interests. We may also share this information with third parties for this purpose.

Do you use any cookies from third party companies?

These companies use programming code to collect information about your interaction with our sites, such as the pages you visit, the links you click on and how long you are on our sites. This code is only active while you are on our website. You can opt-out of having your anonymised browsing activity within websites tracked by Google Analytics cookies by clicking on the following link: [Google Analytics Privacy](#).

#### Social Buttons:

Social media tools, like widgets and plug-ins, are sometimes used so that you can share information from FOCUS ESTATE FUND on other sites such as Facebook. These interactive mini-programs collect your IP address, record the pages you visit on our site, and set cookies that will enable the widget to function properly. Your interactions with these widgets are governed by the privacy policy of the company providing them, not by FOCUS ESTATE FUND's Privacy Policy. We may also use Twitter and LinkedIn pixel tags to help us understand how effective our marketing is on those sites.
